ABOUT ME

Final-year Informatics and Computer Engineering student at the University of West Attica, passionate about software engineering, systems analysis, and innovative technologies. Eager to leverage strong programming skills and academic knowledge to contribute effectively as a Computer Engineer.

EXPERIENCE

SalesPerson

INDITEX

March 2023-August 2024

Worked in a high-traffic retail environment, assisting customers with purchases and returns while providing friendly and efficient service. As Head Cashier, I was responsible for managing the front-of-store operations, including closing the cash registers, completing weekly money orders and ensuring accuracy in all cash handling. I was also responsible for guiding and training new employees, helping them get up to speed with store systems, policies and best practices. Through this role, I developed strong communication, multitasking, and problem-solving skills while supporting a fast-paced team environment.
